Ayer's Sarsaparilla

bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found

of the following complaints: --SCROPULA AND SCROPULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AF-PECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR St. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; clea whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else. During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become symbous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has a virtues which are irrejected. believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

NOW IS THE TIME TO SUBSCRIBE!!!

THE SECOND VOLUME of the "KENTUCKY FARMER" closed with the month of June, and the Third Volume commenced in July last. We promised two years ago to try and give to the Agriculturalists and Stock Raisers of Kentucky a paper worthy of their patronage. We put the question now to every one of its patrons: Have we redeemed that pledge? Have we given you a fair equivalent for THE DOLLAR, which was paid for the KENTUCKY FARMER? If so, let every one of our present subscribers renew their own subscriptions, and send us one or more additional names for the THIRD VOLUME.

The receipts for the First Volume about paid the expenses of its publication. We promised our patrons that we would published ONE VOLUME whether we obtained a sufficient amount to pay its expenses or not. We redeemed that pledge. The subscription list increased for the Second Volume, but is nothing like so large as it should be. Shall we have the kind and continued support of its present patrons, together with their aid in extending its circulation? If so, we promise to do everything in our power to make the paper worthy of a generous Kentucky public.

The "Kentucky Farmer" will still be published monthy, in its present form of sixteen large quarto pages, for ONE DOLLAR per annum, payable invariably in advance. As the small amount charged for the paper will not justify the trouble and expense of collecting subscriptions, no paper will be forwarded unless paid for in advance.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery The consumption of Hostetter's Stomach Bit ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most pron physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved

a Godsend to regions where fever and ague and various of ther bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildy but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort leclining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigora tors that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength.

All those persons, to whom we have particu larly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos tetter's Celebrated Stomach Bitters a trial.

CAUTION .-- We caution the public against ing any of the many imitations or counter feits, but ask for Hostetter's Celebrated TOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped n the metallic cap covering the cork, and bserve that our autograph signature is on the

THE VESPER GAS OR AIR LIGHT.

The Cheapest, most Brilliant, and most Convenient Artificial Light in the World! THE Vesper Gas Light has won for itself a rep-utation for elegance, economy, safety, and utation for elegance, economy, safety, and simplicity far beyond any other artificial light. The Vesper Gas flame and fixtures precisely resemble in form those of coal gas; but in brilliancy and purity of light it possesses a decided advan-tage over even Louisville coal gas. It requires no chimney; there is no need of daily trimming of wick; and the construction of the fixture is so simple that it is not liable to get out of order, and a child can manage it readily. The gas burned in the Vesper fixtures is generated from pure coal oil, without any admixture of alcohol or other on, without any admixture of alcohol of order foreign ingredient. It is entirely free from odor while burning, as, by a simple contrivance, the vapor of the oil is mixed with the atmosphere, producing perfect combustion and a most intense light.

The light has been pronounced, by those who have had it in constant use for months, as most pleasant to be eye while reading or sewing, there being no flicker or unsteadiness in the flame. The Vesper Gas Light is portable, and can be used in town or ountry—in fact, wherever artificial light is re-uired. The fixtures themselves are adapted in tyles to suit all tastes, from the plain single-light burner to the most costly chandelier. Each chandelier is perfect in itself; there is no outlay to b made for service pipes. The gas is generated i the burner, and all fixtures, from the cheap single light burner to the expensive chandelier, are min-iature gas-works in themselves. They are sold at prices which do not exceed the cost of the ordinary gas fixtures of similar style and ornamentation A price list will be sent to any address on applica

The limited space of an advertisement precludes the insertion here of the numerous testimonials of approval we have received from all quarters. Suffice it to say, scientific men and others who have examined and thoroughly tested the merits of the Vesper Gas Light, pronounce it the best and cheap-est artificial light now known.

The proprietor respectfully requests responsible merchants in every town and county in the State to correspond with him, believing they will find it to their interest to aid him in introducing this unequaled light to their customers.
